Wednesday - 11 July 1962

1	2. Met with Representative Olin Teague (D., Tex.)
	who had expressed an interest in talking with us about exchange of information
	programs and Soviet space and science activities. Mr. Teague feels that
	the U.S. should withhold information from the Soviet Union until it gives
	some indication of sharing scientific data which it has acquired. I told
	Mr. Teague that the Agency did not participate in policy decisions in areas
	such as this and we then proceeded to have a pleasant talk. (See Memo for
	the Record for Details)
1	3. Picked up from the Senate Preparedness
	Investigating Subcommittee staff a film on CBS's interview with Titov and
	returned it to OCR/Graphics.
